Maroš Chmel'

Frontend Developer

SUMMARY

Hi! My name is Maroš Chmel'. I am a self-taught frontend developer from Vranov nad Topľou, Slovakia. I work with React.js (frontend) and getting better at using Next.js (full-stack). While originally going to University studying social work, I started coding on suggestion of my brother in Autumn 2022 and from that point on, I was hooked. Since then I have been learning everyday, first front end, later backend. I have built some projects to showcase my work. I would like to start getting experience in professional development, therefore i am looking for positions as intern or junior frontend/ full-stack developer. I am always fully focused about the work that I do and would love to chat about how I might be able to help the work that you do!

TECHNICAL SKILLS

Languages:

JavaScript
Typescript
CSS (Tailwind css, Material-UI, Bootstrap, SCSS, ShadCn)
HTML

Framework/Library:

React.js
Next.js
Express.js

Tools:

Git Hub
ChatGPT
Prisma
MySQL
PostgreSQL
VS Code

PROFESSIONAL EXPERIENCE

No experience in full-stack

Present - Present

Despite i am without experience, i know i can be good at it. All i need is a chance

EDUCATION

Social Work

Sep '13 - Jun '18

UNIPO - University of Prešov

Prešov, Slovakia

it is not school with IT background, but i've improved my communication skills which as i believe should help me in work in team

PROJECTS

- **MA Gallery?** (Typescript, Next.js, Postgre SQL, Prisma, Axios, Zustand, ShadCN)
• Full-stack personal gallery cloud solution. You can keep all your important photos as "memories" categorized and unified.
